An offside offence occurs if a player is in an offside position at the moment the ball is kicked and becomes involved in the

play. This also includes gaining an advantage by playing the ball when it has rebounded off the goalpost, crossbar, or opponent. U9/U10 uses a buildout line located halfway between the half line and the goal line. Players cannot be in an offside position until they have crossed the buildout line.

 - Playing in a dangerous manner – such as “high-kicks” and playing the ball while on the ground. This call is at the discretion of the referee as to whether the high kick or playing on the ground is dangerous. The act in of itself is not a foul.

3.4.3 Additional Information:

3.4.3.1 Referees are assigned to games based on their ability, not their age. All three (3) referees are in charge of the game. Arguing with any referee will not be tolerated nor will unsportsmanlike behavior. This may result in a card given.

3.4.3.2 Player ID cards will be given to the AR by the individual player. Name and jersey number must match card to play. The AR will check the ID and the player number. Jersey number requirements are outlined above.

3.4.3.3 Foul language will not be tolerated. Television/radio curse words will result in one (1) verbal warning. The next offense will warrant a yellow card. If foul language does not stop after

receiving a verbal warning and a yellow card, a red card will be given. As we share the complex with children, a card may be given even if the language is not directed towards a referee or person. An audible "F-Bomb" heard by any referee is an automatic red card.

3.4.3.4 If there is a conflict of jersey colors, the home team will change color. Goalkeepers will wear a different color than either team.

3.4.3.5 Red Card Policies and Procedures:

A player receiving a red card must leave the complex immediately upon receiving the card. The player must attend the next game out of uniform and provide a sit out form and driver's license to the center referee prior to the start of the game. The sit out form and driver's license proves attendance at the game. Sit out forms can be obtained from the board member on duty at the complex. Additionally, a \$50 fine will be imposed on the player. Once the player has provided the sit out form, attended a game out of uniform, and paid their \$50 fine, a decision will be made by the A&D committee whether the player may continue playing in the league. The Vice President will determine whether a hearing is warranted.

CODE OF ETHICS/CONDUCT

The code of ethics for coaches, parents, and members of the board listed below were derived from the NTSSA code of ethics for the betterment of our association, NTSSA, and the game of soccer. All members of BISA are expected to read and adhere to these codes as we are all ambassadors and representatives of BISA and are here due to our children's enjoyment of the game of soccer.

4.1 BISA CODE OF ETHICS FOR COACHES

This code of ethics has been developed to clarify and distinguish approved and accepted professional, ethical, and moral behavior from that which is detrimental to the development of the sport of soccer. (The term "Coach" shall include, but is not limited to Head Coach, Assistant Coach(s), Manager/Trainer and/or Team Representative.)

4.1.1 ARTICLE I - RESPONSIBILITIES TO PLAYERS

1. The coach must never place the value of winning over the safety and welfare of players. Winning should be the result of preparation and discipline with emphasis placed on the highest ideals and character traits.
2. Coaches shall instruct players to play within the written laws of the game and within the spirit of the game at all times.
3. Coaches shall not seek unfair advantage by teaching deliberate unsportsmanlike behavior to players.
4. Coaches should not tolerate inappropriate behavior from players regardless of the situation.
5. Demands on players' time should never be so extensive as to interfere with academic goals and progress. Motivation for excellence should include academics as well as athletics.
6. Coaches must never encourage players to violate **NTSSA or BISA** recruitment, eligibility, or guest player rules and policies.
7. Under no circumstances should coaches authorize or encourage the use of medicinal or performance enhancing drugs, or supplements of any kind whether legal or illegal, prescription, or over-the-counter. Medication and supplementation of any kind should be the responsibility of the parents and/or legal guardian. Players should be directed to seek proper medical attention for injuries and to follow the physician's instructions regarding treatment and recovery. At no time should a player be put at risk by returning from injury prematurely or by being forced to play while injured.
8. A coach's dealings with players and parents must be upfront, honest, and forthright. Coaches must always be honest and refrain from misrepresentations to players and parents.
9. Coaches shall not engage in or attempt to initiate a consensual relationship with an 18U or 19U player when the coach is in a "position of authority" with respect to the player. Should a consensual relationship develop or appear likely to develop, the coach should step down from his or her position with the player's team. This will avoid any perception of pressure on the player to acquiesce to unwanted advances to maintain their position on the team or any perception of preferential treatment from the coach due to a consensual relationship with the player.

4.1.2 ARTICLE II - RESPONSIBILITY TO NTSSA, BISA, AND OTHER MEMBER ASSOCIATIONS

1. Adherence to all **NTSSA** and BISA rules and policies, especially those regarding eligibility, team formation, recruiting, and guest players are mandatory and should never be violated. It is the responsibility of every coach to know and understand these rules.
2. Player development and the growth of the player through participation is essential to the growth of the sport. Additionally, the coach must behave in such a manner that the principles, integrity, and dignity of the sport are maintained.

3. Any problems that cannot be resolved between coaches should be referred to the appropriate **BISA** Commissioner or Board Member immediately.
4. A coach's dealings with **NTSSA** and BISA (including playing leagues) must be upfront, honest, and forthright. Coaches must always be honest and refrain from misrepresentations to **NTSSA** and BISA (including playing leagues).

4.1.3 ARTICLE III - RESPONSIBILITY TO THE LAWS OF THE GAME

1. Coaches should be thoroughly acquainted with and demonstrate a working knowledge of the laws of the game of soccer. Coaches are also responsible to ensure that their players understand the intent as well as the application of the laws.
2. Coaches must adhere to the letter and spirit of the laws of the game. Those coaches who circumvent the rules to gain advantage have no place in soccer.
3. Coaches are responsible for their players' actions on the field and must not permit them to perform with the intent of causing injury to opposing players.
4. If coaches permit, encourage, or condone performance that is not in the letter or spirit of the laws, they are derelict in their responsibility to players, BISA, **NTSSA** and the sport worldwide. The coach must strive constantly to teach good sporting behavior.

4.1.4 ARTICLE IV - RESPONSIBILITY TO OFFICIALS

1. Officials must have the support of coaches, players and spectators. Criticism of officials undermines their purpose in the game. Coaches must always refrain from criticizing officials in the presence of players.
2. Coaches should strive to develop a line of communication with officials, giving each an opportunity to better understand the problems relating to their specific area. This section shall not be taken as an encouragement to debate referee decisions during the match.
3. On game day, officials should be treated with respect before, during, and after the game. Officials should be addressed as "Referee" or "Mr. /Ms. Referee" and not by name. Professional respect should be mutual and there should be no demeaning dialogue or gesture between official, coach, or player. Coaches must not incite players or spectators or attempt to disrupt the flow of play.
4. Comments regarding an official should be made in writing to the appropriate organization assigning the official.

4.1.5 ARTICLE V - GAME DAY AND OTHER RESPONSIBILITIES

1. A coach's behavior must be such as to bring credit to himself, his organization, and the sport of soccer. This is never more evident than on the day of the contest.
2. Rival coaches should meet prior to the game and exchange friendly or professional greetings. While the concept of rivalry is wholly embraced, it cannot take precedence over exemplary professional conduct.
3. During play, coaches have a responsibility to be as inconspicuous as possible. Coaches shall exhibit a respectful attitude towards players. The coach must confine him/herself to the coaching area. The attitude of the coach towards officials, spectators, opposing players and coaches should be controlled and undemonstrative.
4. It shall be unethical for a coach to have any verbal altercation with an opposing coach or bench during the game. Hostile physical contact with a player is considered highly unethical.
5. The coach's foremost post-game responsibility is his/her team.
6. Coaches should use their influence on unfriendly spectators that demonstrate intimidating behavior towards officials and opposing teams.
7. Coaches must act in a professional manner at all times when in the presence of players, whether at

games, practices, or in any other setting. A coach demonstrating behavior that could be considered by a reasonable person to be irrational, inappropriate, or unbecoming an adult will not be tolerated. Examples of such behavior include, but are not limited to, the following:

- Lewd gestures or remarks
- Overly critical remarks
- Ranting and raving
- Snide or demeaning remarks
- Threatening behavior or remarks
- Physical confrontations
- Temper outbursts

4.2 BISA PARENT'S CODE OF CONDUCT

1. Children have more need for example than for criticism. Attempt to relieve the pressure of the competition, not increase it. A child is easily affected by outside influences.
2. Be kind to your child's coach and officials. The coach is a volunteer, giving of personal time and money to provide a recreational activity for your child.
3. The opponents are necessary friends; without them, your child could not participate.
4. Applaud good plays by your team and by members of the opposing team.
5. Do not openly question an official's judgment and honesty. Officials are symbols of fair play, integrity, and sportsmanship.
6. Accept the results of each game. Encourage your child to be gracious in victory, and to turn defeat into victory by working towards improvement.
7. Remember your child is involved in organized sports for their enjoyment, **NOT YOURS!**
8. Encourage your child to always play by the rules.
9. Teach your child that honest effort is as important as victory so that the result of each game is accepted without undue disappointment.
10. Remember that your child learns by example. Children mimic what their parents say. Criticism of the coach, officials, teammates, and/or opponents fosters bad attitudes and can only lead to a negative experience for your child.
11. Parents should remember that a coach has an entire team of players to consider when making decisions regarding position, playing time, substitutions, and strategy. The team does not revolve around one player.
12. A parent must never misrepresent to their team their child's eligibility to play on that team, and must be honest in dealings with BISA (including playing leagues).
13. A parent must never be verbally or physically violent or threatening with any coach, parent, player, or representative of their BISA or any other Member Association.

4.3 NTSSA CODE OF ETHICS FOR BOARD OF DIRECTORS, STATE COMMITTEE MEMBERS, AND MEMBER ASSOCIATION ADMINISTRATORS

None of us arrives at any administrative level, volunteer or not, without spending some “grass roots” time somewhere. We are appointed or elected to our positions because enough people had confidence in us, appreciation for what we had done in the past and assurance that we could lead them in a positive, productive future. This responsibility of accepting such a challenge, especially in a volunteer capacity, must have some guidelines.

It is important to remember that as board members we are very high profile. It is equally important that we remember that we are primarily a service organization and that we treat fellow volunteers as partners with a common goal--the organization, development and promotion of soccer. We should maintain high standards and serve by example.

1. Have respect for the game, players, officials, parents, coaches, member association volunteers and fellow board members and deal with them in a patient, courteous and consistent manner.
2. Criticism channeled through the proper quarter should be educational, constructive, balanced and positive. Under no circumstances should it be demeaning or detrimental to the self-respect of the individuals involved.
3. Administrators should be informed and available. As facilitators they should know the right questions, have the ability to elicit the right answers and foster creativity with accountability within their committee or area.
4. Regarding committee and other volunteers: they should be praised for time spent and jobs well done; their suggestions welcomed, evaluated and conclusions communicated to them. Abilities should be recognized and encouraged.
5. Above all: courtesy, self-control and loyalty. We are role models for the players in our association and our partner associations. Our responsibility is to serve them well as we work toward our common goal.
6. Administrators shall not engage in or attempt to initiate a consensual relationship with an 18U or 19U player when the administrator is in a “position of authority” with respect to the player. Should a consensual relationship develop or appear likely to develop, the administrator should step down from his or her position with the player’s association. This will avoid any perception of pressure on the player to acquiesce to unwanted advances to maintain their position or any perception of preferential treatment from the administrator due to a consensual relationship with the player.

4.4 Burleson Independent Soccer Association Conflict of Interest Statement

No board member or board committee member, or any member of his/her family shall accept any gift, entertainment, service, loan, or promise of future benefits from any person who either personally or whose employees might benefit or appear to benefit from such board or committee member's association with Burleson Independent Soccer Association (BISA), unless the facts of such benefit, gift, service, or loan are disclosed in good faith and are authorized by the board. Board and committee members are expected to resolve for themselves the most gracious method of declining gifts, entertainment, and benefits that are not authorized by the Board.

No board member or board committee member, or any member of his/her family shall perform, for any personal gain, services to any BISA supplier of goods or services, as employee, consultant, or in any other capacity which promises compensation of any kind, unless the facts of such transaction or contract are disclosed in good faith and are authorized by the Board.

No board member or board committee member or any member of his/her family should have any beneficial interest in, or substantial obligation to, any BISA supplier of goods or services or any other organization that is engaged in doing business with or serving BISA unless it has been determined by the board, on the basis of full disclosure of facts, that such interest does not give rise to a conflict of interest.

This policy statement is not intended to apply to gifts and/or similar entertainment of nominal value that clearly are in keeping with good business ethics and do not obligate the recipient.

Any matter of question or interpretation that arises relating to this policy should be referred to the president for decision and/or for referral to the board of directors for decision, where appropriate.

I have received, read, and understand fully the Conflict-of-Interest Statement and will comply with the statement by bringing any potential conflict of interest situations to the board for consideration.
